Please be advised, the order of inspections, for the **Building Inspector Only**, are as follows:

- | | |
|---------------------------------------|-----------------------------|
| 1. Footing Inspection | 4. Rough Framing Inspection |
| 2. Foundation Inspection / Pier Depth | 5. Insulation Inspection |
| 3. Foundation Drains | 6. Final Inspection |

Note: Not all inspections may apply to every situation and additional inspections may be required as needed. In addition, third party inspections may be required as determined by the City Engineer, Code Enforcement Officer, City Planner or, Fire Chief or their appointees. The expense of such third party inspections is the responsibility of the applicant. Electrical, Plumbing and Mechanical Work all require their own permits and inspections.

Certification of Accuracy: As owner of record, I certify that all information contained within this application is true and accurate to the best of my knowledge and belief.

Certification of Compliance: I hereby certify that I am familiar with all pertinent codes relating to the above specified work, and that all work shall be performed in compliance with these codes, also that I am familiar with the City of Somersworth, City Ordinance, Section 19, Table of Uses, Table 5.A.1 and Table 5.A.2 and all other dimensional Regulations.

Inspections: It is the responsibility of the contractor/property owner to obtain all inspections required. **This signed application constitutes consent on the applicant's part to allow for inspections at the property by the Code Office, Assessing Office and any other required City Staff.** Any work that is covered prior to the inspection may be required to be removed for inspection. Food Service applicants should contact Department of Health and Human Services, Bureau of Food Protection immediately for further instructions on obtaining State Inspections. If an inspection fails twice for the same reason, a re-inspection fee of \$25 will be assessed for every subsequent inspection. This fee shall be paid prior to each and every additional inspection.

Certificate of Occupancy (C/O): A C/O must be issued PRIOR to any occupancy of a new residential and/or commercial structures or any structure where there is a change of use. A Certificate of Occupancy shall be clearly displayed in all structures of non-residential uses. For Commercial Projects, Electronic As-Builts must be submitted prior to issuance of a C/O.

It is the responsibility of the property owner and all contractors, electricians and plumbers to obtain and post the necessary permits in a conspicuous location before any work has begun. Electrical, Plumbing and Mechanical Work all require their own permits and inspections. Permits are non-transferable. If this is an "After the Fact" permit, it may be subject to a fee two times the normal permit fee, not to exceed \$500.00.

PLEASE BE ADVISED: Any deviation from the specifications submitted will require an amendment to this permit or additional permits. Permits expire one (1) year from the issue date. The Building Inspector/Code Officer may grant an extension of time if a written request is submitted prior to the expiration date. Permits become invalid if work is not started within 180 days or if work is abandoned/suspended for a period of 180 days. Standard review turnaround is typically 3-5 business days. State law allows up to 30 days. Food Service applicants should contact Department of Health and Human Services, Bureau of Food Protection immediately for further instructions.

The STATE OF NEW HAMPSHIRE requires that ENERGY CODE COMPLIANCE be obtained for any new or an addition to a structure greater than 150 sq ft. You may also need to obtain compliance or altering, renovating or winterizing an existing structure. More information can be found at the web site: www.puc.state.nh.us and follow the link for Energy Codes. Provide a completed EC-1 form this application if required for your project

Applicants are advised that the making of a false statement on this form is a criminal offense.
