Minutes of HDC Workshop on Ordinances of 7 June 2017: Adopted as Submitted
held at the Somersworth Public Library, 25 Main Street, Somersworth, NH 03878

Praesens:

Laura Barry
Richard Brooks
Pius Charles Murray, Chair and Secretary

Agenda and Minutes

I. Call to Order: At 6:10pm by the Chair.

II. Workshop Business:

The Subcommittee briefly discussed the most recent changes to the proposed ordinance. Ms. Barry inquired whether or not any additional definitions should be added. Mr. Murray said that he had sent a recommendation to include vinyl as an example of a modern material the HDC looks carefully at. After a brief discussion, the Subcommittee decided to add vinyl, pvc fittings, and cement composite board to the list of examples of modern materials considered closely/

Ms. Barry reported that once Mr. Metivier's additions and changes have been incorporated then she will add the photos to the Visual Guidelines.

The Committee asked Mr. Brooks how close his Boundary Subcommittee is to making recommendations. The Subcommittee wanted to be sure that the wording of the proposed ordinance would not have to be substantially altered depending on what Mr. Brooks's subcommittee recommends. It does not appear to be necessary to make any changes in the proposed ordinance.

The Subcommittee then went through minor changes made in wording in the last draft. The addition of definitions as Section 8, and a decision to retain the recommended circumference were discussed.

III. Adjournment: The Chair adjourned the Workshop meeting at 6:50pm.

Respectfully submitted,
Pius Charles Murray
