City of Somersworth – Ordinance

Ordinance No: 4-19

TO AMEND CHAPTER 19, ZONING ORDINANCE, SECTION 14, HISTORIC DISTRICT

October 15, 2018

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SOMERSWORTH THAT the ordinances of the City of Somersworth, as amended, be further amended as follows:

Delete Section 19:14 in its entirety and replace with the following:

19:14.A Section A INTRODUCTION AND BACKGROUND

The downtown area of Somersworth was primarily built by following a master plan designed by the Great Falls Manufacturing Company starting in 1823. The designed attempted to relate the brick mills, brick or wood worker-housing and small-scale commercial buildings. Also, this overall plan included large-scale landscape features like the tree-lined canal. The effect created was like the pedestrian-oriented mill cities across New England. As the mill prospered and the city grew, other commercial buildings and areas were established; these included other areas (such as High Street), and replacement of earlier, smaller businesses. By the end of the 19th Century, the downtown boasted many fine brick hotels and commercial blocks.

The topography of the city played a central role in its development; i.e. the mills were located on the river, their source of power; worker housing and early commercial development were built on the flat land on the other side of the canal, within easy walking distance to the mills; and the mill owners and managers built their houses a carriage ride away, high on the hill to take advantage of the spacious views and cool breezes. An architectural hierarchy was established that closely followed the topological and social dictates. (The higher up you were the higher up you were!)

The history of Somersworth can still be read in her streets and buildings, but unfortunately, some pages of her history are missing. Fire and urban renewal erased large chunks of the streetscape; especially in the downtown. The master plan as envisioned by the city founders can never be finished nor re-created and it is not even desirable that it should be. However, recognizing the value of planning and good design, the Historic District Commission hopes to guide future changes in a manner that will be complimentary to those original intentions.

19:14.B Section B AUTHORITY

19:14.B.1 **HISTORIC DISTRICT COMMISSION.** There is herein established a seven member Historic District Commission (HDC) with the membership and power and duties as set forth in New Hampshire Revised Statutes Annotated Chapter 673:4 and 674:46, as the same may be subsequently amended, and as may be needed to carry out the purposes of this section.

19:14.B.2 **POWERS AND DUTIES OF THE COMMISSION** The HDC shall have the following powers and duties:

19:14.B.2.a Maintain a system for the survey and inventory of historic properties. This survey will be the system for comprehensive historic planning within the City.

It will be consistent with the technical standards issued by the United States Department of the Interior to produce reliable, understandable, and up-to-date information for decision making, related to the identification, evaluation and protection/treatment of historical resources;

19:14.B.2.b Establish rules and regulations for the conduct of business which are consistent with the purposes of the Historic District and in conformance with applicable NH State statutes. Members shall be governed by a code of conduct, in conformance with NH State statutes, and in accordance with the City Charter, to prevent real and apparent conflicts of interest in the performance of the HDC's responsibilities;

19:14.B.2.c Establish, adopt, and make available to applicants and the public, guidelines and standards for review to be used by the HDC in reviewing and passing of applications for Certificate of Appropriateness(COA) to construct, alter, modify, repair, move, or demolish any building and/or structure within an Historic District;

19:14.B.2.d Approve, disapprove, in whole or in part, applications for which a COA is required per the Zoning Ordinance;

19:14.B.2.e Request reports and recommendations from City departments and agencies and from other organizations and sources which may have information or can provide advice pertinent to the application or its impact to the district;

19:14.B.2.f Retain professional consultants as may be necessary to carry out the purpose of this section;

i. Applicants may be asked to retain professional consultants in regards to supplying information on the applicant's project. This would be at the applicant's expense.

ii. The HDC may retain professional consultants subject to the availability of funds to help provide support and information to help carry out the HDC's authority and purview.

19:14.B.2.g Investigate and recommend to the City Council new areas for designation as Historic Districts.

19:14.B.2.h Act in an advisory role to other officials agencies, departments, boards, commissions, and committees of the local government, regarding the identification, protection, and preservation of local resources;

19:14.B.2.i Act as liaison on behalf of the local government to individuals and organizations concerned with historic preservation;

19:14.B.2.j Work toward continuing education of citizens within the HDC's jurisdiction, regarding historic preservation issues and concerns;

19:14.B.2.k Recommend and propose amendments and/or revisions to the boundaries and limits of any Historic District to the City Council; and

19:14.B.2.l Keep or cause to be kept accurate and complete records and minutes of meetings, findings of the HDC, and records of each application, all of which shall be

part of the public record.
